

# Application for exemption from continuing professional development

Profession: Paramedicine

The Health Practitioner Regulation National Law (the National Law)

The Paramedicine Board of Australia's (the Board) CPD registration standard requires all practitioners, except those with non-practising or student registration, to complete at least 30 hours of CPD activities in each full registration period or 7.5 hours per quarter, or part thereof, if registered for less than a full registration period.

For example, a paramedic registered for 8 months would be required to complete 22.5 hours of CPD.

The Board has designed the standard to be flexible and able to be met by all practitioners except when exceptional circumstances exist.

The Board may consider and/or grant a full or partial exemption or variation from the CPD requirements when there is compelling evidence that circumstances have created a significant obstacle to your ability to complete your required CPD.

For more information about what circumstances the Board considers significant obstacle to completing CPD, see the CPD guidelines and other supporting material published by the Board.

Your application for an exemption should be submitted as soon as possible after you identify the need for the exemption.
